WELCOME, FUTURE MRS

Skin first. *Always.*

Congratulations on your wedding. Your look should feel like you on your most radiant day: comfortable, beautiful in every photo, and still fresh when the last dance ends.

I'm Mada, a senior make-up artist and licensed esthetician with over nine years in luxury bridal, editorial and commercial work. I'm a PhiBrows-certified artist, and I've worked with brands like Lancôme and Inglot. Everything I do starts with the skin, because makeup only looks as good as what is underneath it.

THE MAKEUP_CODE WAY

01

Skin-first prep

A proper skin routine before any product touches your face, so the base sits smoothly and lasts.

02

Camera-tested

03

Made to last

Long-wear products and setting techniques for a look that holds from the ceremony to the party.

04

Studio or location

San Gwann studio, your hotel, villa or venue, anywhere in Malta and Gozo. Morning appointments from 07:00.

Your vision, your comfort, your personality.

That is where every bridal look I design begins.
